

ALL EXHIBITS ARE IN FOR ROADS CONVENTION

Space in Auditorium Is Far
Too Small to House
Them All.

All the exhibits of the fourth American Road Congress are now in place at the Auditorium. An idea of the scope of these exhibits can be gathered when it is pointed out that the arena and stage of the Auditorium is by far too small to house all the exhibits. Exhibits are also displayed under the banks of the gallery seats. Heavy machinery is played in the block of Glimmer street, just south of the Auditorium building. The street has been hoisted over and a temporary smooth pavement has been put down. This space, however, was not sufficient, so it has been necessary to exhibit much machinery under the Washington street viaduct, which has been closed to traffic. The machinery exhibits consist of all sorts of road building paraphernalia—road rollers, rock crushers, concrete mixers, asphalt layers, steam shovels, steam rollers, etc. Several of the states have been entrusting enough to install exhibits. Notable among these are North and South Carolina and Rhode Island. These state exhibits consist of photographs, model roads and samples of road building materials. One of the most interesting exhibits which were thrown upon on Tuesday is the moving picture show of the United States office of roads, and which is a part of the government exhibit brought to Atlanta by L. W. Page, chief of the office of roads, and which will later be taken to San Francisco to be shown at the Panama-Pacific exposition. These moving pictures show the most improved method of road building in actual operation and also many of the best roads in the country.

PRaise for Mrs. SNEED. Experts Commend Selection of Carnegie Library Head.

President Willis M. Everett called the attention of members of the library board to a meeting Tuesday to the number of flattering letters he has received from library experts all over the country commending the selection of Mrs. Percival Sneed as librarian at the Carnegie library. President Everett said that the board felt proud of the recognition.

Mrs. Sneed met with the board for the first time since her appointment, and made her first report. She directed the attention of the board to the work of the members of the staff during the period from the time of the resignation of Miss Weston to the time the appointment was made. Members of the board highly commended her in thanking the members of the staff for their splendid work.

FOOT-MOUTH DISEASE WILL NOT REACH STATE

The dreaded foot and mouth disease which has caused such devastation among cattle of the north and west, has not made its appearance in Georgia, nor is it expected here," said D. Price, commissioner of agriculture, today.

The federal government has taken vigorous steps to prevent the further spread of this disease, said Commissioner Price, and the Georgia department of agriculture, through its veterinarian, Dr. Perry E. Robinson, is on the alert to prevent this cattle plague from entering the state.

Shipment of live stock from the infected areas is prohibited, and all live stock which is also prohibited from entering the state. Any person who is found to be in possession of infected live stock, should immediately report to the department which immediately takes steps to prevent the disease.

Dr. Perry E. Robinson state veterinarian, announced that a thoroughbred herd of cattle, destined for the state fair at Macon, had been found to be infected with the disease. The herd, one of the most infected states, would have been sent to the fair. Robinson learned of the shipment, and immediately communicated with federal authorities, who now have the matter in charge.

Believe Me Eat Everything

For I Know a Stuart's Dyspepsia
Tablet Will Digest Any
Meal at Any Time.

How often do we see men who can not eat and how often do we hear men boasting of their abilities to eat? The secret of the matter is the secret of digestion is the juices which are supplied to the stomach. If the secret ingredients needed from those that are of no use to the system.

The President—Your appetite digests, not you eat like a giant.

My body what it tells me to give it, I give it. I eat what I want, and I always obey appetite and there I am.

When a heavy meal has been eaten the entire body is called upon to furnish the digestive organs with force to take care of it. The more the strain the weaker becomes the force to take care of the next meal as well. A Stuart's Dyspepsia Tablet aids nature in Nature's own way. These little tablets are filled with the very ingredients and essences so useful to every normal and perfect stomach. Stuart's is a perfect food. Think if you can what a big help this means to the digestive system. The secret ingredients aid in building up the digestive system and blood. The secret ingredients have their duties lightened. The system naturally, easily, harmoniously.

Thousands of dyspepsias and stomach sufferers would be glad to tell you what Stuart's Dyspepsia Tablets have done for them. This is what makes these tablets sold in every drug store in this country, price 15¢.

Be anyone wishing a free trial of these tablets, please address: "Stuart's Dyspepsia Tablets," care of the publisher, 112 E. 11th St., New York, N. Y., and a small sample package will be mailed free.

Bride Will Help Husband In Working for Good Roads

Mr. and Mrs. HOWARD CLARK.

Mr. and Mrs. Howard L. Clark, of Baltimore, Md., who married two days ago, are spending their honeymoon at the fourth American Road Congress, having motored to this city from Baltimore.

Mr. Clark is secretary to Richard E. Edmonds, editor of the Manufacturers' Record, and is an ardent good roads enthusiast. Mrs. Clark says that she is catching the spirit for good roads and intends helping her husband in his work for better roads.

"I believe that the women of the south," said the pretty young bride, "can do wonderful things toward helping this section progress along educational lines if they will devote only part of their time to securing better roads for the country districts. There are hundreds of little country boys and girls at home who are almost impassable roads."

ORGANIZE A CLASS TO STUDY METHODS OF ROAD BUILDING

Colonel M. H. Crump, of Bowling Green, Ky., chief road engineer of Warren county district, and W. Tom Wilson, Pulaski county highway engineer, invite all practical road builders attending the American Road Congress, who wish to study practical road problems, to meet this morning at 9 o'clock in Tenth hall, Auditorium-Armory, to organize a practical road builders' study class.

Colonel Crump is a veteran of the civil war, and a typical Kentuckian. He says that he has come to Atlanta to learn how to build roads, and believe that he will be able to do so by means of a practical road builders' study class than by listening to addresses.

Colonel Crump is probably one of the oldest delegates to the congress. He visited Atlanta his last time during the Cotton States exposition of 1895, at which time, he says, he found the city so crowded with visitors that he was compelled to go sixteen miles out of the city to Marietta, Ga., to secure sleeping room.

"This city has grown wonderfully," he says, "so much that I actually had to rub my eyes on getting off the train to believe that I was returning to Atlanta."

250 SOCIETY GIRLS TO ACT AS WAITERS AT GEORGIA DINNER

Fully twelve hundred people will feast on Georgia-valued products at the Auditorium-Armory on Georgia, produced today, Wednesday, November 11, according to Mrs. William Lawson Peel, who, as the head of Joseph H. Hatcher chapter, D. A. N., is in charge of the preparations.

The dinner this year is to be under the auspices of the Atlanta Federation of Women's clubs, headed by Mrs. Samuel Lumpkin, while the Joseph H. Hatcher chapter, D. A. N., will handle the details, one of which is the serving of the dinner. The dinner will be served at 12:30, and the Georgia society girls acting as waiters.

The tentative menu contains many Georgia products and more than a most appealing array, as tempting to the taste as the low price of fifty cents for tickets is to the pocketbook.

City organizations such as the Atlanta Chamber of Commerce, Rotary club and Ad Men's club, will be invited to participate. Among the speakers will be Senator Smith, who will stress the importance of making Georgia self-sustaining.

WILLIAM MARKHAM RESTS IN OAKLAND

The funeral of William Markham, nephew of Mrs. Robert J. Lowry and popular insurance man of Atlanta, who died Monday, was held Tuesday at 10 o'clock in private at the residence of his sister, Mrs. Smith, 100 Peachtree street, N. E. The Rev. J. C. Lyons, of the First Presbyterian church, officiated. Interment was in Oakland.

Mr. Markham was 40 years old. He was grandson of the late William Markham, mayor of Atlanta. He is survived by his father, Marcellus O. Markham, a brother, C. J. Markham, Jr., his sister, and his aunt, Mrs. Lowry.

JOSEPH BROWN CAMP ELECTS NEW OFFICERS

At the regular monthly meeting of the Joseph B. Brown camp 172, United Confederate Veterans, Tuesday, the following officers were elected: H. H. Tucker, commander; A. C. Bearden, first lieutenant; J. E. Williams, second lieutenant; J. E. Williams, third lieutenant; W. P. Archer, quartermaster; and J. C. Hinton, quartermaster, chaplain.

The meeting was well attended, and all members received a hearty welcome. The termination of the war to the reunion next year at Richmond.

MOTHER SEEKS TO GAIN CARE OF HER CHILDREN

In effort to prove that she is morally suitable to care for her children, a woman, Hattie Nance, whose husband is suing for custody of her children, is seeking twenty-seven witnesses, among them being grocers, confectioners and solicitors who came in frequent contact with her home.

Four children are now in the charge of Sheriff Mangum. The hearing will be held Thursday.

OLD RECORDS BROKEN BY CORN CLUB BOYS

Mell Wilkinson Will Entertain
Youth Who Raised 227
Bushels on One Acre.

Luther Allred, of Plokeson county, who is reported to have made 227 bushels of corn on an acre of land this year, thus making a new high record for the state, will be a special guest of the Georgia corn show this year. He has been a prize winner at this show for several years, and will be recipient of special honor this year.

Already interesting reports are coming in of the boys who will be here. Many of them have enthusiastic stories to tell of their experience last year.

Mell R. Wilkinson, president of the chamber of commerce, is preparing to entertain two of the record-breakers at his home on Peachtree road. Luther Allred, referred to above, and Ben Leath, who made in Walker county, in 1913, 214 bushels to the acre.

The show this year, which has been fixed for December 1, 2, 3 and 4, is but three weeks away, and the boys are writing from many parts of the state, full of enthusiasm about their exhibit and full of anticipation at the coming visit to Atlanta.

It is doubtful if any movement originated within the last several years has accomplished as much good for Georgia as the holding of the annual corn show at the state capital. Boys from more than one hundred counties have been brought together in friendly contest as to acreage production, each vying to excel the other and win the prizes offered.

A feature hardly less noteworthy has been the entertainment of the boys in the homes of Atlantians. The hosts have very generally expressed satisfaction at the interesting experience, and as for the boys, they have been enabled to mingle business with pleasure, and have invariably gone home with the most pleasant memories of their visit.

Many of them have been visitors to Atlanta for the first time, and have had favorable comment for the people of their own counties. It is a fact that like they are, and have carried home stories of the people of Atlanta, and that they will bear large fruit in bringing about the co-operation of city and country, which is so necessary to the well-being of both.

GRAVES WILL SPEAK
TO THE AD MEN'S CLUB

The Atlanta Ad Men are anticipating with much pleasure their next luncheon, which will be held at 1 o'clock, Thursday afternoon in the Hotel Delmonico, under the auspices of the Ad Men's club of Georgia. A record attendance is expected.

The committee in charge of arrangements for the luncheon are preparing a long list of such treats for the coming dinners this and next year.

JAILED FOR FORGING "COKE" PRESCRIPTION

Augusta, Ga., November 10.—(Special.)—John O'Keefe is addicted to the use of cocaine, which he has had considerable trouble in procuring, owing to the right enforcement of the law regarding such matters. He has tried the plan of writing his own prescriptions, signing the name of some physician and having them filled by a negro messenger at the various drug stores. But he wrote one too many, and now, after several months' enjoyment of his favorite drug, he has been captured and languishing in jail awaiting trial on the charge of forgery.

Telephone Service for Every Need

Years of experience have led us to provide various forms of telephone service, each designed to fill some particular requirement.

For the Home

we furnish telephone service on a PARTY LINE, service where more than one person uses the same circuit, thus reducing the cost to each user; or a DIRECT LINE, service over an exclusive circuit. We also install EXTENSION TELEPHONES so that calls may be answered without running up or downstairs. We provide, too, INTERIOR TELEPHONE SERVICE between the various rooms or floors of a residence.

For the Office

we furnish every type of telephone service that may be required. Offices and busy business establishments usually need DOUBLE TRACK TELEPHONE SERVICE, i. e., two or more telephone lines, so that incoming and outgoing messages can be cared for simultaneously. The best form of double track service is known as PRIVATE BRANCH EXCHANGE SERVICE, and is very generally used in large offices. The PRIVATE BRANCH EXCHANGE also permits of excellent interior service between various rooms or departments of the office.

For the Factory

we furnish telephone service to meet all requirements. Frequently, where a factory is located out of town, we furnish a PRIVATE LINE from the factory to the city office. We can furnish PRIVATE LINES to practically every point within a radius of a thousand miles.

SPORTS
CONTINUEDFIGHTING SPIRIT
BIGGEST FACTOR

In Trying to Dope Saturday's Game Between Georgia and Tech—Latter Is the Favorite.

"The Fighting Spirit." This will be the biggest factor in trying to dope the Saturday game between Georgia and Tech in the football battle at Peachtree Park. The teams are about as evenly matched as they can be. In speed and in the ability to outmaneuver the other team, they are about equal. The only thing that will decide the game is the fighting spirit of the players.

On sheer football ability and their speed, the two teams are about equal. But in a game between two teams that are so evenly matched, the only thing that will decide the game is the fighting spirit of the players.

Everyone who attends Saturday's game will be sure to see some of the best football that has been played in the South. The game will be a real test of the fighting spirit of the players.

Being the big football event of the year, every fan will be sure to see some of the best football that has been played in the South. The game will be a real test of the fighting spirit of the players. The Georgia team is the favorite, but the Tech team is also a strong contender.

Richmond Academy
Eleven Is Sensation
Of Football Season

Augusta, Ga., November 10.—(Special.)—The defeat of the Georgia Military college team last Saturday, while it was a surprise to many, was not a logical result of the remarkable development of the Richmond Academy football team, which have followed the Georgia team closely all season. The Richmond team is the sensation of the football season.

The victory over Georgia Military college was not of the nature of a surprise. The Richmond team has been playing well all season. The Georgia team is the favorite, but the Richmond team is also a strong contender. The game was a real test of the fighting spirit of the players.

QUIT MEAT IF YOUR
KIDNEYS ACT BADLY

Take Tablespoonful of Salt If Back Hurts or Bladder Bothers—Drink Lots of Water.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble. The kidneys do the utmost to free the blood of this irritating acid, but if they get sluggish, the eliminative system fails and the blood is poisoned. The result is a condition known as uric acid poisoning, which is a very serious condition. It is caused by the accumulation of uric acid in the blood, which is a waste product of the body. The kidneys are responsible for the elimination of this waste product, and if they fail to do so, the blood becomes poisoned. This can lead to a variety of symptoms, including back pain, bladder problems, and general weakness. The best way to prevent this is to eat less meat and drink more water. A tablespoonful of salt in the water can also help to flush out the kidneys.

JACKETS CALL OFF
GAME WITH FLORIDA

Strength of Clemson Tigers Causes Tech to Abandon the Trip.

The drubbing that the Clemson Tigers gave to the Red and Black eleven caused the Yellow Jackets to call off the game with Florida. PEOPLE ARE INJURED AT GEORGIA STATE FAIR

R. Andrews, Motorcycle Rider,
Thrown and E. E. Cook
In Accident.

Macon, Ga., November 10.—(Special.) Two accidents, in which lives came being lost, marked the closing of the Georgia state fair today, and tonight two persons were injured at a hospital suffering from their injuries.

Andrews, a motorcycle rider, was thrown from his machine while racing an automobile around the bowl. The automobile passed over him and for a time it was thought he had been killed. At the hospital it was found he had several broken ribs, a deep gash over his left eye and other cuts and bruises of a minor nature.

E. E. Cook, of Zenith, while on his way home this evening after having been to Macon in the Ford sedan to participate in the Ford parade in attempting to reach a Vineville street car and a two-passenger automobile standing by the curb near Virginia post misjudged the distance, his car striking the one by the curb.

Against the street car and overturning it. However, Cook was the only one of the occupants of the car injured. He had no serious injuries.

At the hospital late tonight, in which he was being treated, the accident was his wife and Mr. Cook's car was demolished.

NOTES FOR NOVEMBER 11 NEAR THE MRS. BELMONT TELLS SOUTH- ERN SUFFRAGE CONFERENCE NO QUARREL AMONG LEAD- ERS OVER METHODS.

Chattanooga, Tenn., November 10.—Predictions that the women of the United States will have the ballot with in a comparatively few years and as-ertions that there will be no quarrel among the leaders over the method by which it is to be obtained, were voiced by Mrs. H. P. Belmont, of New York, and other women prominent in the suffrage movement through out the country in their addresses before the Southern States Suffrage Con-ference here tonight.

Progress of Suffragists.
The suffragists here progressed so far, said Mrs. Belmont, who delivered the principal address, "that we are actually disagreeing about the terms upon which we shall accept the politi-cal franchise, and that we are not in particular how the political franchise of women is to be obtained."

"I have sworn allegiance to the national amendment for the franchise, while the Southern conference seems to hold to the principle of state rights," she said, "and I am not at all sure that the Southern conference proves effective, I should gratefully accept the results."

This sentiment was indorsed by the half dozen other speakers, including Mrs. Harriet Stanton Blatch, of New York, and Miss Laura Clay, of Kentucky.

Belmont paid a tribute to the women of Europe for the part they are playing during the war. "The climate of the arguments among women suffragists," she said, "is not the same as that of the men, and it is not the same as that of the women who do not vote."

AT THE THEATERS

"Peg o' My Heart."

(At the Atlanta.)
This attractive musical comedy of the week for "Peg o' My Heart" will be given at the Atlanta. The delightful comedy has made more of a hit this week than last year when it broke all local records. The show delighted the patrons of the theatre, and the play has been a great success. The play has been a great success. The play has been a great success.

Keith Vaudeville.

(At the Vaudeville.)
Merceda, the marvel, is the headliner at the Vaudeville this week. She is a very superior power, but simply the ability to transform his thought into the mind of another, passing around the audience his gold winged residents in her certain musical composition. Without a sign, or without giving a word, Merceda who immediately renders the audience in a position to come into her. Merceda is a great success. The play has been a great success.

**Delegates to Road Congress
Enjoy Banquet at Kimball**

There has not been, and probably will not be, more delicious occasions in the fourth annual meeting of the American Road Congress than the annual banquet which was held at the Kimball house last night, about 150 Atlanta and prominent delegates to the congress being present.

The occasion was entirely one of good-fellowship and frolic, and the thoughts of the speakers turned to serious channels but seldom.

**Increased Land Values
Pays South's Auto Bill,
Says G. D. McCutcheon**

The increased suburban land values have paid the south's automobile bill, says George D. McCutcheon, Atlanta branch manager of the Buick motor car company.

BEACON SHOES

On land or sea you will meet particular men who wear Beacons because they meet that particular requirement.

AUTOS ARE NEEDED FOR GOOD ROADS DELEGATES

The local committee on arrangements for the American Road Congress is so seriously in need of more automobiles to take care of the numerous crowds of visitors who want to see something of Atlanta's good roads.

GERMANY WANTS COTTON IN AMERICAN VESSELS

Berlin, November 10.—Count Reventlow, a naval critic, in an article in the Deutsche Tages Zeitung, declares that the United States to send ships laden with cotton to German ports.

AIRSHIP IS REPORTED OVER ENGLISH TOWN

London, November 10.—A dispatch to The Evening News from Dover says: "An airship has been sighted over Sheerness, a searchlight corps was sent out all night. Later the airship was reported over Harwich."

The Hupmobile

Two Cars at Price of One

Two things are responsible for the ready, steady sales of Hupmobiles at this season.

One, according to John M. Smith Company, who represents the Hupmobile in this territory, is the increased size and five-passenger room of the new model.

The other is the detachable Sedan top for the touring car, and a similar coupe top for the roadster.

John M. Smith Company says this gives every Hup buyer the means of getting two cars at very little more than the price of one.

The prospect of driving in cozy comfort is most alluring to the majority of buyers, and the new tops are receiving hearty approval.

The new tops are very reasonable in price, easily attached, look better by far than any other of the sort we have ever seen; are well built and beautifully finished inside.

We advise you to see them.

AMERICAN SUBMARINES FOR GREAT BRITAIN

Washington, November 10.—Although President Fowell of the Ford River Shipbuilding company denied that his firm had, as yet, contracted to build submarines for a European belligerent, he had previously in official statements tonight that twenty submarines, totaling \$11,000,000 in cost, would be built for Great Britain by this company.
